

October 2018

Dear DHA Client,

We are excited to share with you the re-launch of our education foundation!

You may be familiar with our Phoenix Foundation, which has provided educational scholarships to DHA clients for more than 20 years. We have re-named it as the Opportunity Rising Foundation and launched a new website to help make it easier for you and our school-aged children to have access to information about the scholarship opportunities that are available. You can visit the site at: opportunityrisingfoundation.org.

To get information and important updates in real-time, such as when scholarship applications are open, you can also follow us on [Facebook](#) and [Twitter](#): @OppRising.

There are various scholarships available to explore:

The Opportunity Rising Scholarship: for current high school and General Education Development (GED) students who are under 19 years of age and are enrolling in an institution of higher learning for the Fall Semester of the upcoming school year.

The Ascend Scholarship: for a returning college student preparing to enter his/her second year in an institution of higher learning with no lapses in semester to help offset some of the cost of the student's education.

The Summit Scholarship: for college students who are returning to school after a separation of at least two years, to help offset some of the cost of the student's education.

The Aspire Scholarship: for students who are enrolled in a General Equivalency Diploma (GED) program and need support to successfully complete the test to secure their GED.

If you or someone in your household is eligible for any of these scholarships, you can review the requirements and application information on the scholarships page: <https://opportunityrisingfoundation.org/scholarships/>.

We hope you find these new resources helpful in pursuing your families' educational goals!

In the spirit of service,

The DHA Cares Team
